Profile

I am a Software Developer with industry experience in building web applications. My expertise lies in PHP, and I have professional experience working with JavaScript. Additionally, I have worked with frameworks such as Laravel, Node.js, and Vue.js.

Education

Bachelor of Information Systems, *Federal University of Santa Catarina* ⧉

2015 – 2021
Brazil

Professional Experience

Software Developer, *JDREL* ⧉

2022 – 2023
Brazil

- Developed a SaaS application that utilizes AI to recognize points on the human face for facial analysis calculations, assisting in artificial harmonization procedures. The software was built using the BFF REST API pattern, employing React on the front-end and Laravel on the back-end.
- Developed APIs with PHP and Node.js and integrated third-party software with management and control tools in the Google Cloud and Virtual Machines environment.
- Refactored legacy software using Core PHP, handled payment gateways and subscription management, implemented webhooks, and consumed APIs.
- Designed and developed relational and non-relational databases using PostgreSQL.
- Implemented CI/CD routines.

Software Developer, *MNZ Tecnologia* ⧉

2020 – 2021
Brazil

- Developed web applications using PHP, Laravel, MySQL, Vue.js, Docker, and Git.

Software Developer Internship, *ServerDo.in* ⧉

2019 – 2020
Brazil

- Developed web applications using PHP, WordPress, MySQL, jQuery, and Git.

Skills

PHP	**JavaScript**	**Object-Oriented Programming**
Laravel | Wordpress	Node.js | React | Vue.js	SOLID Principles
SQL	**Containers and Git**	**Tech Lead and Customer Service**
PostgreSQL | MySQL	Docker and GitLab	

Certificates

Building Web Applications in PHP ⧉	**PHP Language** ⧉
University of Michigan	Federal Institute Sul-Rio-Grandense
